Snorkeling In Turks And Caicos

I was in Turks and Caicos. Me and my family and friends who had invited us to come to Turks and Caicos were going to a beach to go snorkeling. We got our gear, put it on and went snorkeling. I was having a little trouble with mine at first,it turned the snorkel was too low on my head. After that was fixed,I saw the reef, I saw lots of colorful fish. Then we went right next to a protected area. It was pretty cool. After we did that we that we went back into shore so I could go with Mommy because Stella did not want to swim. So I showed Mommy everything I had just seen. Then she took me into the kelp beds to see if we could see a sea turtle, and we did!

"Wow" I gasped.

"Yeah" Mommy replied. We watched the sea turtle swim below us. Then we went back into shore, so I could show daddy. When we got to shore and told everybody ella and

her dad came too. Then we went into the kelp bed area. I saw the Sea Turtle and it breached right next to me. Some time after ella and her dad went back into shore. Me and my dad watched it for a couple more minutes. Then dad saw mommy telling us to go back to shore. So dad told me to follow him into the beach. Then he heard someone say shark. "Keep swimming" hollered dad. Just then I heard someone say shark."I think there's a shark in the water." I said "Yeah" replied daddy. Finally we touched the sandy beach. I tried to see the shark, but I couldn't. Then we found it was a gray reef shark. Then we went back to the hotel to go to the pool or something.
