Magical Tooth

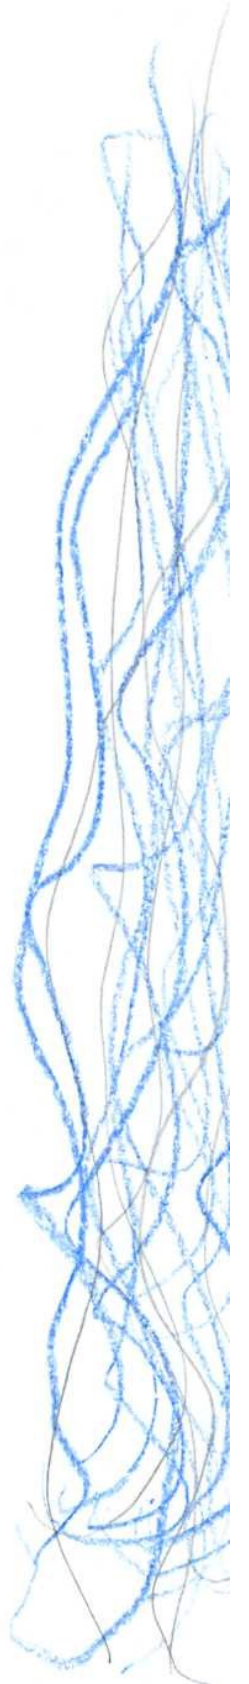

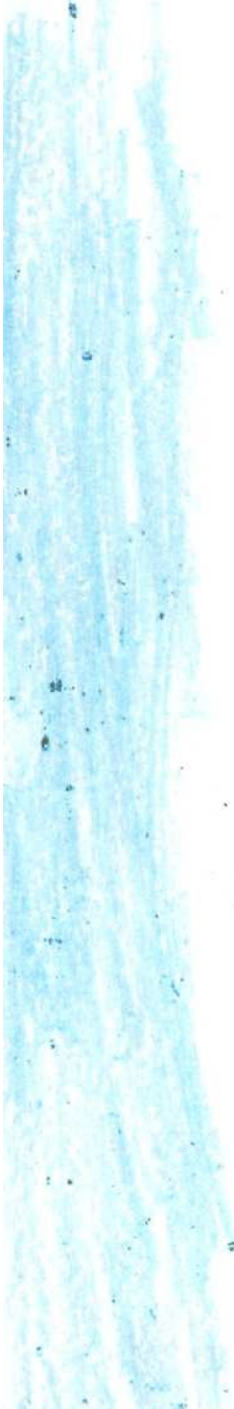

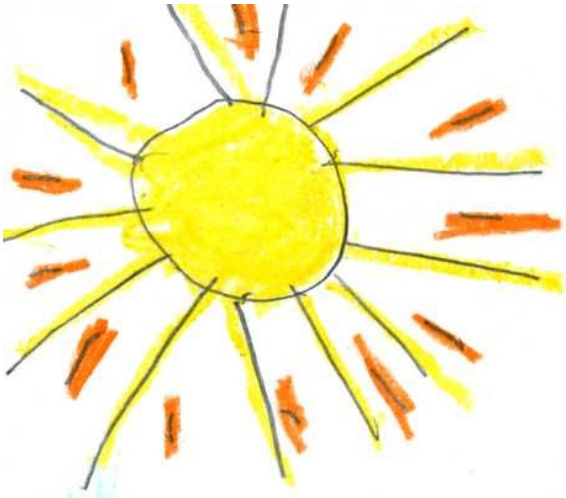

“Hi, I am Stingy, the stingray” and “I am Olivia the orca; we are best friends! We live in the deep, big blue ocean. Olivia, lost her tooth and she can’t find it. “What does it look like” asked Stingy? “Well, it is white and sharp” said, Olivia. “Okay, I’ll help you look for the tooth” said, Stingy. “I think I lost it by the sunken ship” said, Olivia. So, off they swam to look for the tooth.

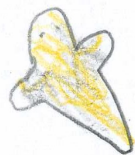

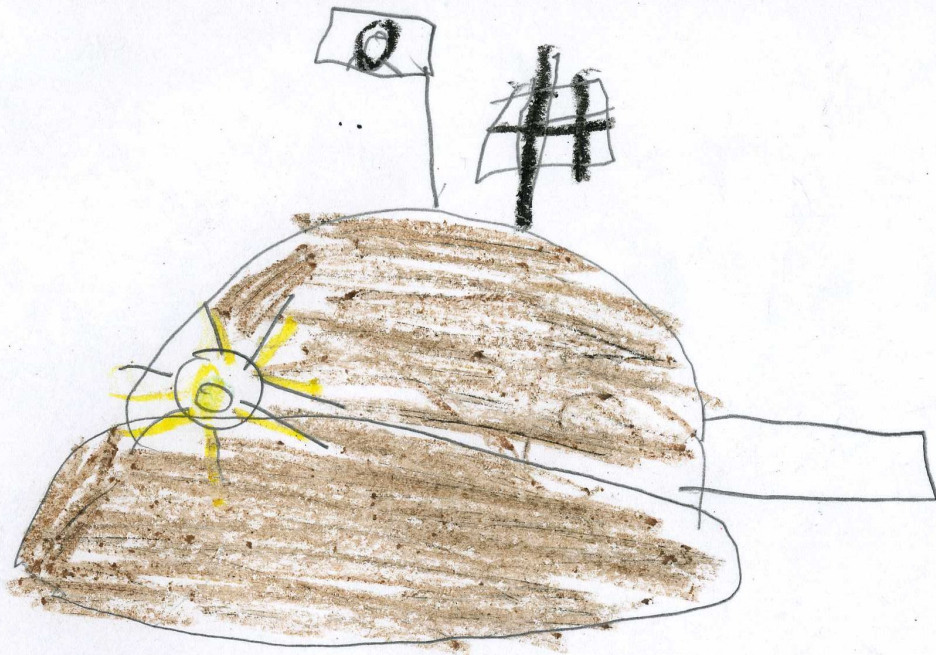

Next, they saw Skaley the starfish. Skaley said, “What are you doing swimming in my part of the ocean?” “Well, we are looking for Olivia’s tooth” said, Stingy. Skaley decided to come look with them. All of the friends started searching. They looked between the rocks, the caves, the coral reefs and still no tooth. “Is this it?” said, Stingy. “No, that is a white rock” said, Olivia. “When did you last see it?” asked Skaley. “Somewhere over here, near this reef” said, Olivia. The friends swam deeper into the ocean.

When they got closer to the bottom of the ocean, they saw Sandy the seal. “Why Sandy the seal, funny to see you here” said, Olivia. “I am looking for some fresh fish to eat” said, Sandy. “Hey, what are you all doing?” asked Sandy. “Olivia lost her tooth” said, Stingy and Skaley. “We looked and looked. I hope we find it soon” said, Olivia. “Me too” said, Stingy. “I see something” said, Olivia. “Let’s swim fast to get a closer look!” all of the friends shouted. “I see it” said, Olivia. Olivia swam next to the ship and picked up an old shark tooth. “Wow, that’s cool, not cool – fantastic!” said, all of the friends. “Can I keep it?” asked Sandy. “Oh, fine, but you will have to share it with Stingy and Skaley” said, Olivia. “Okay, I will” said, Sandy.

Next, a dolphin swam up near the ship. “Hi, I’m Daniela the dolphin”, said Daniela. “Oh, hi” said, the stingray, orca, seal and starfish. “What are all of you doing here?” said, Daniela. “I am looking for my lost tooth” said, Olivia. “Wow, that is a problem” said, Daniela. Olivia smiled a great big orca smile and spouted water thru her blow hole as she laughed with her friends. “Look at her smile!” said, Daniela. All of the friends looked at Olivia. There on top of her blow hole was her missing tooth! “It was inside of me the whole time. We did all of the searching for nothing!” shouted, Olivia. But all of the friends said together, “it was fun swimming, searching and making a new friend. Now, that is one magical tooth!”
