

THE Park

The Park

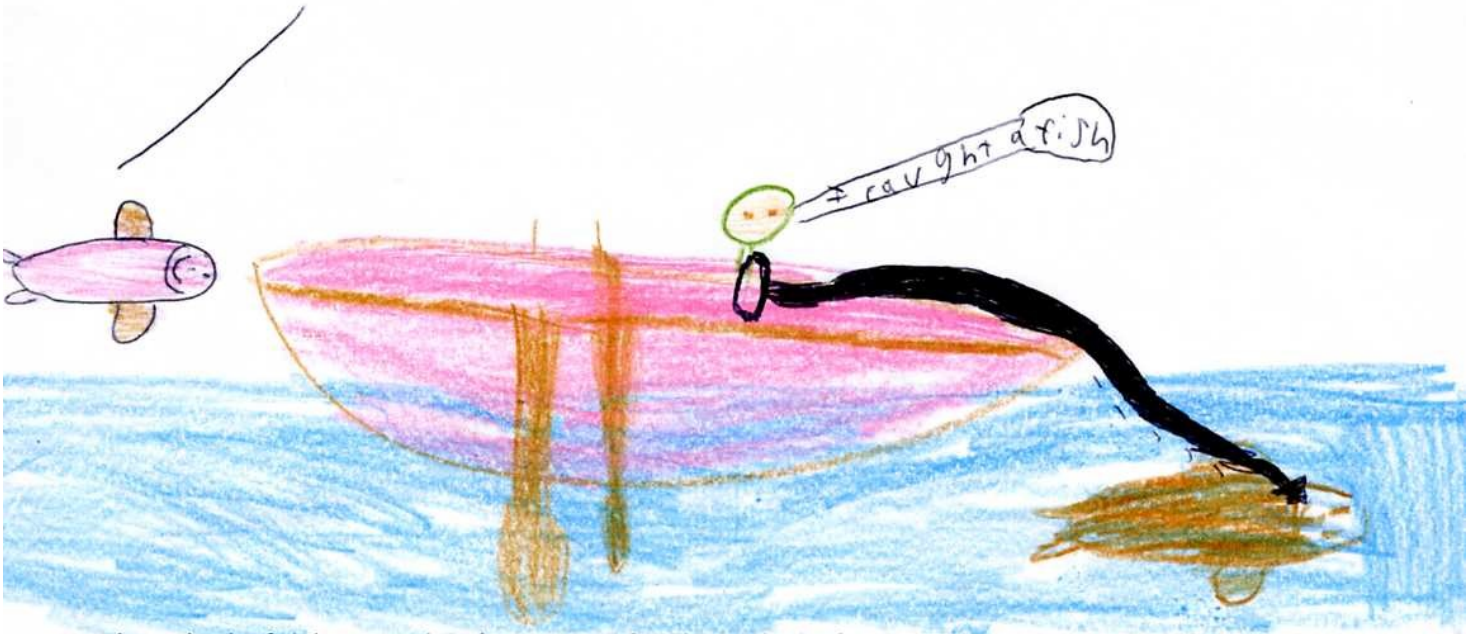

Once there was a guy that went to a playground and played on the playground after he played baseball, basketball and tennis. He was 10 years old. When he played baseball he hit a single then a triple then a double. For a big surprise he hit an outside the park homerun! He hit the cycle.

When he played basketball he made a 3 pointer. He got a foul and one foul shot.

When he played tennis it was 40-Love. He won the set. Then he lost a set and won some more.

On the playground he went on the spider web then he went on the spinny seats. Then the big pirate ship. On the ship he pretended he was a pirate. A Pirate sailing in the sea. As he was a pirate he pretended he saw whales and sharks and sea horses. He had a good time on the pirate ship.

Then he went fishing at the pond. He looked around and tried to look for frogs. He found some frogs and got on his row boat and rowed out there. The boat almost flipped. He leaned to the other side to try to tip it the other way so it didn't flip. So he kept going and caught a frog. Then caught some more. Then he looked for a fish. He found some. They were little. He goes out and throws his rod out and catches some more small fish. He says "I think I will just go back". Then he stays out there and says "I might as well stay out and try again". So he tries again and catches the biggest fish in the world. This is a close up picture of the big fish.

He brought the fish home and took a picture. Then he cooked it for dinner.
