***The Long Earth* by Terry Pratchett**

The stepper enables a person using it to step sideways into another America, another wherever that person happened to be, another

Earth. And if the person using it keeps on stepping, they keep on entering even more Earths. This is the Long Earth. And the further away a stepper travels, the stranger -- and sometimes more dangerous -- the Earths become.

***Slade House* by David Mitchell**

If the conditions are exactly right, you'll find the entrance to Slade House: a surreal place where visitors see what they want to see, including some things that should be impossible. Every nine years, the house's residents extend an invitation to someone who's different or lonely. But what really goes on inside Slade House? For those who find out, it's already too late.
