

THE LITTLE FOX

Once upon a time there was a little fox who was running through the meadow, and then, it was night! And then, she fell asleep. Then, the pet store owners brought her to the pet store! And then, they put her in a cage! And then a girl named Adeline went to the pet store and she bought the fox. And then she was taken home to Adeline's house where they had wonderful adventures like going on a hike to find a bird who had laid some eggs to see them hatch. And then after that they went to the jungle and saw some monkeys. And then, after they saw the monkeys they went to the zoo but the zoo made the fox sad so they went home. After all their adventures, Adeline finally knew what to name her, Fiona. Fiona got lost one day when she saw an open space, she ran out. And then she saw a bunny, and then she chased after the bunny. And then she got lost, then Adeline found her. And then she brought her back to her house, and then she put up a fence to make sure she didn't get out again. And then it was nighttime and in the morning it would be Fiona's birthday. In the morning Fiona had lots of presents to open, and in the night, after dinner she had her birthday cake. Then it was night again and Fiona slept until morning. And she woke up knowing she was 2 years old.
