

The Royal Mermaid Kingdom

Once upon a time there was a secret kingdom in the ocean where only royal mermaids lived. There was a princess who wanted to go beyond the kingdom to see if there was another kingdom in the ocean to see if there was a princess there. Her name was princess Mya. Her mothers name was Queen Melissa her fathers name was King Joseph her brothers name was prince Tyler. A week after the holiday of the first mermaid to live a little mermaid came to our Kingdom and she said that her Kingdom was attacked by evil mermaid wizards. She asked if our Kingdom could help her Kingdom fix it up. My parents didn't think that they could believe her but princess Mya could tell that she was telling the truth so she told her parents that they could believe the little mermaid so her parents said they could help the little mermaid. The next day there Kingdom went to the little mermaids Kingdom. When we got there princess Mya asked the little mermaid what her name was. The little mermaid said her name was princess Mia. Princess Mya asked how did the evil mermaid wizards find your Kingdom because my father vanished them to the bottom of the ocean. Princess Mia said that she didn't know how it happen, the only thing that she remembered was that they came to take the crystal ball that made princess Mia's Kingdom be able to turn into humans and be able to go on land without anyone noticing that they are mermaids. Then princess Mya asked what princess Mia's parents and her brothers name is princess Mia said that her brothers name was prince Luke and her parents names were King Callum and her mother's name is Queen Lilly. Then princess Mia said that she new a cave so they went to the cave and princess Mia said that they should go down deep in the cave. They shouldn't have gone deep at all in the cave because that is where the evil mermaids came from! Princess Mia said that, that is probably how the evil mermaids got up here some how! Oh now now your family and my family are in big trouble! How are we going to get out of here without the evil mermaid wizards capturing us?! Have you ever been captured by anyone princess Mia? No have you? No because if i have been captured by someone then why would i be asking you? Oh i guess your rite princess Mya. I am always rite princess Mia if you didn't know so princess Mia.
