

Pippi Doodle and Her Friend

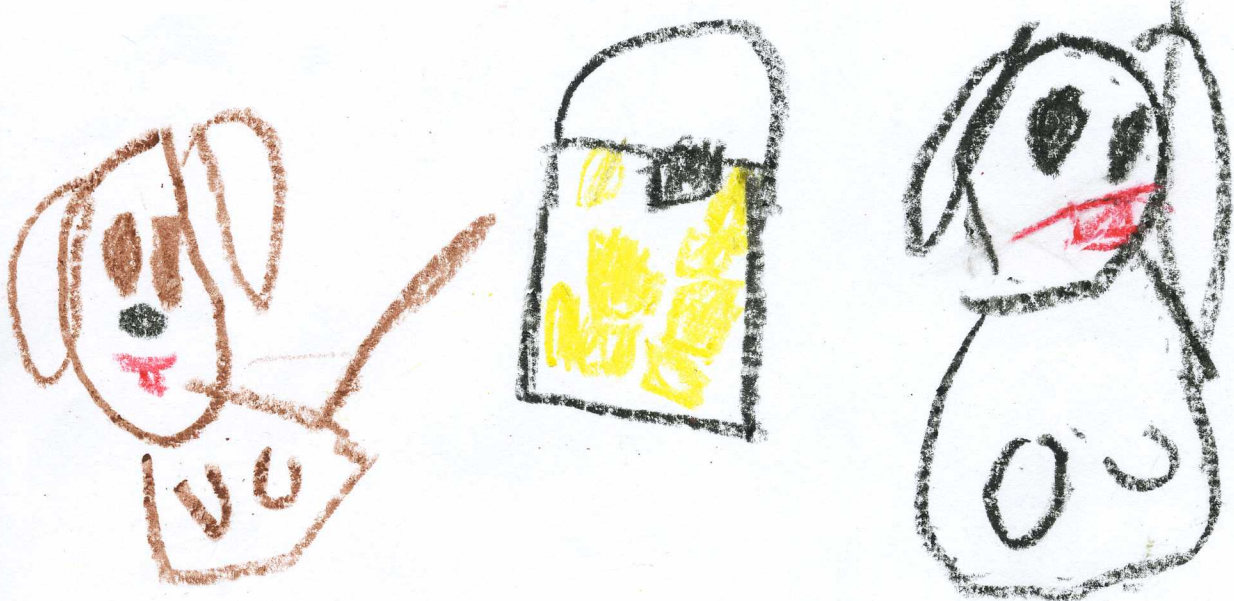

There was a dog named Pippi. She lived with her people family and was very happy. She liked to eat snacks from the children in the house. Pippi had a best friend who lived next door named Smudge. They liked to run and play chase. Sometimes they snuggled and slept when they got tired of running. They were best friends.

One day Pippi and Smudge accidentally got out of their yard and went on an adventure. They met a very smart old cat named Pops. They wanted to find gold and Pops told them he knew where to go. Pops took them to the beach and showed them where to find gold. Pippi and Smudge dug sand on the beach until they finally found gold. Pops took a long nap.

The dogs played all day at the beach and had so much fun. It was the best day ever. But then it started to get cold and dark. Pippi missed her people and wanted to go home. She and Smudge walked and walked and walked for hours, but they couldn't find their home. They were lost.

Luckily, Pops was a very smart cat who knew how to get home. When he woke up, he went to find the dogs and showed them the way back home. They finally got back to their home. They were tired and hungry, but happy to be home. They were also happy to have a treasure chest full of lots of gold.
