

Mackenzie

Mckenzie Rothwork was a normal teenage girl until the incident. One night, Mackenzie and her friends Chloe Shinchal and Kendall Burntham, were hanging out just like they did every Friday night. They were doing a movie marathon, all 3 high school musicals. Pretty ambitious, I know. And after the second movie Mackenzie's friends wanted to go outside and take pictures of the sunset to post on Instagram. "I'm good. I'll just get the 3rd movie ready," Mckenzie told her friends "Okay," they both responded. (15 minutes later) "Where are they? It shouldn't take this long to get a few pictures," she asked herself. Then she heard a blood curdling scream. Mackenzie jumped out of her skin. She ran outside and started calling out their names. "Guys, come on, come out! Okay, you got me! You're so funny. Now seriously, come out!" She screamed, concerned no one responded. She looked down. There were blood footprints! She decided to follow them. She followed them to the town hall. Into the basement she turned the corner and gasped "Chloe, Kendall! What happened to you?" Mackenzie asked, staring. They were covered in wires and tied in chairs. They also were covered in blood. Then someone walked in! Mackenzie scrambled to get into the corner. "Yes, yes, come in tomorrow and the blood will be ready. No there is no need for you to come today, uh uh.....uh, of course I am ready for you. Yes, the blood has been sitting for days but it needs one more night, alright? Goodbye." She then screamed at Chloe and Kendall over and over and over again. "Hurry up give me your blood." she demanded she touched a button on a machine and left. This was Mackenzie's chance. "What happened to you? You were supposed to just take a few photos." See said scared while looking around. "That women came out of the dark and grabbed us around the neck! She uses us for our blood! Her client needs some special kind of blood and we have it. When we got here she knocked us both out with a weird pill when I woke up Chloe tried to get out and she hit her on the head with a pan and she has been unconscious ever since." Kendall explained. The women came back in. Mckenzie jumped back into the corner "Hey, you why is she asleep?" she snapped at Kendall " Get her up," she demanded " I am Shavana Everstorm. And I am a world class....." "rude person, meaney, self absorbed jerk!" Chloe interrupted "No! Scientist, and I am on a huge breakthrough and I won't be....." ring ring ring. "Oh that must be my customer." she ran out of the room. "Okay I am going to get you two out of here. Somehow." Mackenzie went over to the machine and pressed a button. The blood stopped going to the machine "Yess!" she said. She carefully took the wires off of them and they grabbed their stuff and ran. "Go, go, go, gooooo!" screamed Chloe. They got out just in time.

Fast forward 5 years Chloe, Kendall and Mackenzie are all still friends and for that Savannah chick they told the police when the customer was coming. They showed up and arrested them both. Chloe Shinchal, Kendall Burntham, and Mackenzie Rothwork were friends and looked out for each other ever scene.
