

THE ADVENTURE

There was a dog named Fletch who was medium-sized with black and white fur. He was outside in his yard in Hamilton and he saw the gate was open. So he decided to walk over and see what was going on. His owner was on her computer so she could not see Fletch deciding to make a run for it. So slowly Fletch walked out of the gate and went to a full sprint across the street.

Then he saw the Honeycomb Bakery so he started to walk toward it. There was a water bowl outside, and Fletch decided to chug the whole bowl because he was thirsty. Two minutes later, when he was done, he walked to Patton Park. When he was crossing the street he almost got hit by a car. He got to Patton and he wandered around the playground and the Tennis Courts. Fletch then decided to go to Dunkin Donuts and Cumberland Farms. He went to Cumberland Farms and found a donut on the floor of the store that he decided to eat but he had to be careful because if people saw him, they would take him back home. Then he headed to Dunkin Donuts. He went in and stole a whole box a munchkins from a customer who was walking out of the store and the man started to chase Fletch but he was too fast. Fletch opened the box of munchkins and dug in. He did not eat all of them but he ate about half the box. Fletch then decided to go to Cafe Shishco and he had to be careful there too. However, a lady saw him and she ordered 2 peanut butter and jelly sandwiches, one for Fletch and one for herself and Fletch ate his whole sandwich.

Then he started to go back home and heard his owner was calling him and saw her running everywhere to find him. Fletch went to her and the owner was so glad that Fletch was found! They walked all the way back home and Fletch just played and chilled with his owner for the rest of the day. He didn't eat his dinner and his owner wondered why. Fletch never ran away again and his owner remembered to close all the gates.
